3 reasons to use AAOMS Advantage Partners

1. Reviewed and approved by AAOMS

The first step in the review process is to evaluate whether the company has a product or service needed in an AAOMS member’s practice. If the answer is yes, the potential Partner undergoes a rigorous review process that includes company background and financial reviews along with AAOMS contacting references. All Partners also must offer a special discount to AAOMS members and provide a quarterly royalty to AAOMS based on member usage. All information gathered about the potential Partner is then reviewed by the AAOMS Advancement Projects Committee and the Board of Trustees. If approved by both, the company becomes an AAOMS Advantage Partner. Visit AAOMSAdvantage.org to view more details about the Partner Programs.

2. Receive thanks

AAOMS member award – AAOMS thanks all members who use the AAOMS Advantage Partners in their practices through the annual AAOMS Advantage Member Award. Recipients of the annual Award using six or more Partners in their OMS practice before Oct. 1 each year are given a $100 discount to use the following year on any webinar or in-person meeting. Members using six or more Partners are identified through year-end reports received from the Partners. For more information, visit the Member Award page at AAOMSAdvantage.org.
